## Girlfriends Releasing 9-Scene 'The Eva Lovia Experience'

LOS ANGELES—Renown erotic photographer Tammy Sands decided to shoot former Digital Playground contract star Eva Lovia, and the results are being released this week as The Eva Lovia Experience.

The movie features nine scenes: five girl/girl and four solos. The movie has four lovely co-stars: Holly Michaels, Karlie Montana, Riley Reid and Ryan Ryans—and it has more than two and a half hours of delicious Eva footage.

“There was a lot of fun work shooting these scenes, especially working with all those amazing girls,” Eva said. “Tammy is a fantastic director and I know fans are going to really get off to this movie.”

Another place fans can get off with Eva will be her upcoming live show on her official website FallinLovia.com, which has plenty of new content as well. This live show will be Oct. 30 at 4 p.m. PST.

Eva is booking Southern California scenes for Nov. 9-19. Producers who wish to hire her for content production can do so by contacting her directly at [realevalovia@gmail.com](mailto:realevalovia@gmail.com).

## 'Ask Axel Braun Re-Signs Riley Steele for 4th Year'

LOS ANGELES—Four-time AVN Director of the Year Axel Braun has once again renewed his three-year exclusive deal with contract star Riley Steele for another year.

Under the terms of the deal, Steele is scheduled to star in some of Braun's big-budget productions as well as in a number of all-sex projects and showcase movies.

“I'm super excited to be extending my contract with ABP for a fourth year!” said Steele, who recently won critical praise with her sexy turn as The Enchantress in Braun's summer smash Suicide Squad XXX, and picked up her fifth consecutive trophy for Best Body at the NightMoves Awards Show.

“Being in an Axel Braun movie is akin to slithering into a rarefied world where quality, sensuality and a painstaking attention to detail are paramount, and I am beyond flabbergasted to be a part of it once again!”

“Riley is truly a superstar,” Braun said, “and while over the past three years she has constantly delivered top-notch performances, she still has the unique ability to surprise fans and critics alike. She is gorgeous, sexy and has a huge fan base, and I am very proud to have her again as an ABP contract girl in the many awesome projects we are planning for the next 12 months.”

## Voters Turn Against Prop 60 In New Poll

SACRAMENTO—A new Capitol Weekly poll shows support for Proposition 60 dropping to just 40 percent. That's down 13 points from an LA Times poll in early September, which showed support for the measure at 53 percent. Prop 60, which would allow any resident of the state to sue if they saw a film without a visible condom, has been called the most controversial measure on the 2016 ballot.

“The more voters learn about this dangerous measure, the more they dislike it,” said Eric Paul Leue, campaign manager for “No on Proposition 60, Californians Against Worker Harassment.” “Rather than protect performers, Prop 60 exposes them to harassment suits, privacy violations and financial exploitation. Prop 60 has been opposed by nearly every political organization in the state, and by all seven of the state’s largest papers—and, most importantly, the performers themselves.”

Proposition 60 has been opposed by the California Democratic Party, the California Republican Party, the California Libertarian Party, and over fifty county and municipal political parties. It has been opposed by the LA Times, the Sacramento Bee, the San Francisco Chronicle, the San Jose Mercury News, the San Diego Union Tribune, the Orange County Register and more than a dozen other major editorial boards.

While opening for Amy Schumer **Madonna** made this promise before introducing her: "One more thing before I introduce this genius of comedy. If you vote for Hillary Clinton, I will give you a blowjob, okay?"

Swear to god. And I am good. I'm good. I'm not a douche and I'm not a tool. I take my time, I, uh, have a lot of eye contact. Yeah? And I do swallow." First it was Madonna topless for Hillary and now she's offering blowjobs, how old is she? Does anyone want a blowjob from a 58 year old woman even if it is Madonna?

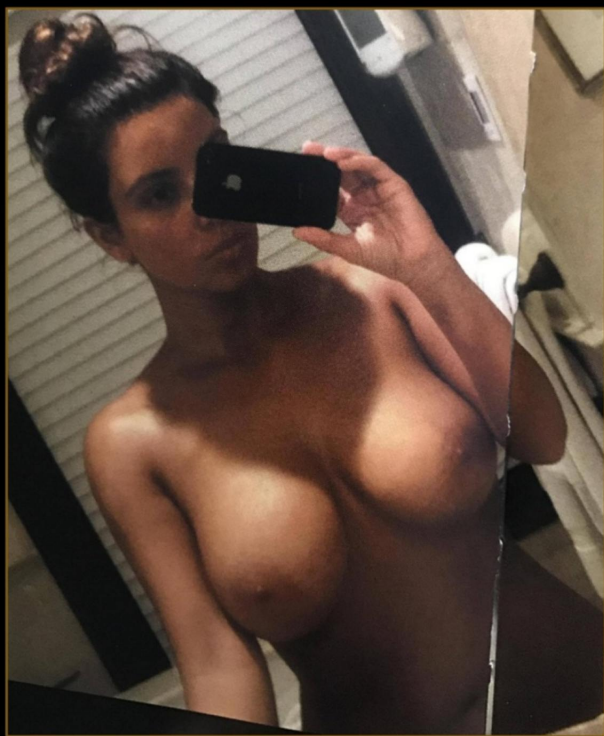

British reality star **Laura Summers** throwing out garbage in her underwear.

Good God, I really want to be her neighbor!

**Miley Cyrus** gave a few front row fans a treat, allowing them to actually grope her. They didn't miss the opportunity of touching her pussy and her tits.

# Fool's Gold

There was a recent news release that Donald Trump originally ran for President for the same reason that most of us sound minded liberals thought he would...to promote his NBC show The Apprentice.

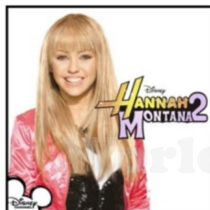

Well, we all know how that went.

Not only did his efforts for more publicity not work but he also ended up out of work and without a number of the business ties that he had spent years cultivating.

That didn't make any sense.

Why would anyone who was trying to rebuild their brand do so much to tear it down...unless they were making plans to transition.

I present exhibit A Hannah Montana. When she had served her time on the Disney Channel, she did everything in her power to destroy that image.

The next thing you know, she is appearing everywhere with her pussy and tits out, grinding on anything within 2 feet (male or female), singing over the top suggestive lyrics and constantly exposing a tongue long enough to make Gene Simmons say Damn!

It's called rebranding!

In Miley Cyrus' case it gave her a new sexual freedom but what was Trump after.

While many of us may have been fooled into thinking that he was ACTUALLY running for President, I'm starting to see that this was nothing more than a really long process of rebranding.

Here's why...

Since winning the nomination the media has been

asking one question - When is he going to pivot?

You see, what normally happens is a candidate plays to their base during the primaries by promising them a bunch of shit that they really want. Like removing all Muslims from the country and building a wall to keep the Mexicans out. That's what earns the nomination. Then they "pivot" to the middle so that they appeal to a wider audience, especially the independent voters.

What Trump has done is continually speak to the folks that make up his base. The folks who would still vote for him if he were to shoot someone in the middle of 5th avenue.

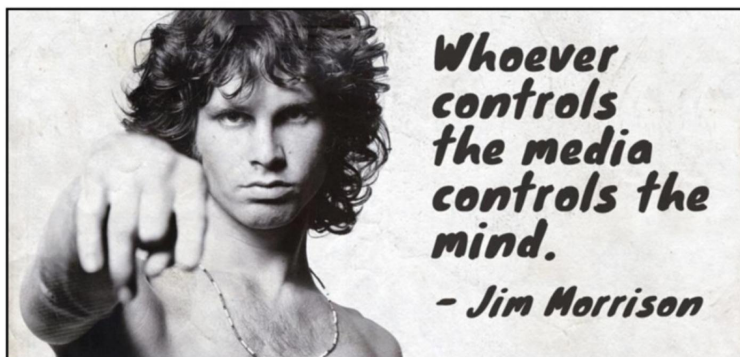

Those are the folks whose emails and information that he was able to capture, the people who would support him no matter what.

He's made himself so vile to the republican party that people actually began to announce that they were jumping parties in this election. Those aren't the people that Trump was interested in.

He wanted hard core, bigoted, racist republicans that are holed up in their survival camp waiting for the world to end. The kind of folks that think that even Fox News is too liberal.

Surely, there has to be a network for them right?

Introducing Trump News!

I think that we have all been duped and have spent an inordinate amount of time giving a shit about this election.

Donald was never in this thing to win it!

That was apparent by the phone call "that never happened" to John Kasich asking him to be the first vice president that would be in control of domestic and foreign affairs.

Every election cycle has its own breakout media star. In 1992, it was CNN. A few years later, it would be an e-mail blast called the Drudge Report. By 2000, the country had more or less been neatly delineated between MSNBC and Fox News households. The 2008 election introduced Politico and the Huffington Post to the adults' table. BuzzFeed joined in 2012.

No matter how horrifying Trump's presidential campaign has been, there is no denying that he has (through his outrageous rhetoric) received more media coverage than any other candidate in modern elections.

I'm almost certain that he wants to get into the media business. Why not, it worked for Rupert Murdoch.

He has a son in law that owns the *New York Observer* and he has already enlisted his daughter Ivanka to help get the idea off the ground.

According to an unknown source close to Trump "Win or lose, we are onto something here. We've triggered a base of the population that hasn't had a voice in a long time."

I could care less if Trump decides to get into the media business after that election, I'm more concerned about Trump creating a network that glorifies a time in this country's history where equal rights were a distant dream and the white man ruled.

If his new network is anything like his campaign, I wouldn't expect any less.

Story submitted by A. Greer - Atlanta, GA

I've noticed how a lot of these stories are about guys that end up hooking up with women from work, so here's one for you.

It was a Friday, so things were kind of laid back in our department when a lady that I will call Delicious came over to talk to one of my co-workers.

There was one time that her and I had talked during a smoke break and the conversation was about her new cell phone. It was no big deal but I was impressed by the way she spoke and her amazing smile. Since then, we always spoke in passing and she always hit me with that smile.

So when she walked away, I walked over to my co-worker's desk and asked him "Would you hit that?" We both laughed and agreed that she had a pretty face and an enormous ass. His conclusion was that he would but it would probably be a booty call after the club and he wouldn't spend the night, which again we both got a laugh out of.

A few minutes later, she came back over to his desk and I sent him a message for him to hook me up. I was half joking and I didn't expect him to take me seriously.

They walked off and when he returned to me desk he told me that she was with it and now it was up to me to close the deal. Wow.

I knew that I saw her everyday at lunch, again in passing and I wondered what I would say to "close the deal". Well, I didn't have to.

I'm sitting, eating my lunch when she walks directly to my table and says "I heard you were asking about me." I was so on the spot, I was certain that every other light in the building had been turned off. I tried to stay calm, smiled and said "Yes I was."

Now, I'll admit that I've been out of the game for quite a while - at least 19 years to be exact, so I was at a lost as to what to say next.

The last time I was in this position cell phones were phones. I was sure if it was appropriate to ask for a woman's number of should I ask her if I could text, skype, Facebook or tweet her.

I stumble to come up with the position I wanted to take.

"Can I your..."

"My number?" she said quickly as if noticing my dilemma.

"Yes"

"Do you have your phone?"

Another problem, I wasn't attached to my phone like some of the younger crowd. In fact, I was happier to be without it.

"No, can you message it to be?" She said she would.

When I returned to my desk, I impatiently waited for something that I really didn't want to happen.

I had taken the first step in cheating on my wife and it appeared to be with a woman that was very aggressive.

Yes, I was married at the time.

The problem was not that I didn't love my wife, I did. But our sex life had become a lot like winning \$7 from a Powerball ticket. It's unexpected, not exactly what you were hoping for and though it's nice, it really has very little impact on your day.

It had been like that for almost a year and I really wanted to be with someone who didn't see sex with me as a chore.

Then I received the message with her number and things seemed to move quickly from there.

The following morning, I decided to send a friendly "good morning" message. Which was met with message stating that she was okay but had a lot on her mind because she hadn't had any in a while.

Whoa!

From there we went into full sexting, I think. Can it actually be sexting without the photos?

I began to ask her about some of the things she liked and in a round about way she told me that she got off by giving the man pleasure.

I took that to mean that she really liked to suck dick. She removed any doubt when her question to me was how I felt about oral sex.

I found out a lot of information about her that morning including how she like to suck dick, ride and didn't mind having a dick pulled from her pussy and put in her mouth because her "pussy tasted so good."

I have to admit that I was on fire!

I told her that we could hook up that night but I really didn't have any place to take her other than a hotel - which I wasn't going to do.

She told me that she liked to have sex in places where there was the possibility that she could get caught but I was too old and had way too much to lose for that shit.

I really thought about it though.

It would be dark by the time I left work and I could have thought of a dozen places but with all of that ass there were only two options - fuck in a van or outside. That ass was not going to fit in a car.

We finally set a date.

I would meet her at her place in about a week.

I had no idea what I was going to do. I had tried to gather enough info from her to try to get a good feel of the things that she liked and didn't like but when women are sexually aggressive there is a tendency to treat them really slutty in bed.

Especially, when they know that you are married. You are going to do to them every little thing that your wife won't do.

She had already vetted me, insuring that there wouldn't be a trace of evidence at work and complied with the fact that we wouldn't be trying to build a relationship - we were just fucking. Or as she put it, we would be friends with benefits.

I have to admit that the number one thing that I was looking forward to was having her give me a blowjob. I have wondered for a long time how it would feel to have a woman with a different style and different desires suck my dick like she wanted to impress me and not just phone it in.

But I would have to put that fantasy on hold, for at least a week...

Two buddies were sharing drinks while discussing their wives. "Do you and your wife ever do it doggie style?" asked the one. "Well, not exactly." His friend replied, "She's more into the trick dog aspect of it." "Oh, I see, kinky, huh?" "Well, not exactly. I sit up and beg, and she rolls over and plays dead."

Two guys are standing in line to enter heaven. One turned around and asked the other how he died. "I froze to death. How about you?" "I had a heart attack." "How did that happen?" "Well, I suspected my wife was cheating on me. So after work I went straight home. I ran upstairs to find my wife sleeping by herself. Then I ran back downstairs and looked in all the hiding spots. When I was running back up the stairs, I had a heart attack." "That's ironic." "Why?" "If you would've looked in the fridge, we'd both be alive."

A sailor drops anchor in a port and heads into the nearest pub. Everyone in the pub is whispering and pointing at him because of his odd shaped body; he has a very muscular body, but a very tiny head on his shoulders. As he orders his drink, he tells the bartender, "I'll explain. I get this in every port and town I visit. I caught a mermaid and she granted me three wishes if I would release her back into the sea. So I told her I wanted a yacht and, sure enough, she came through for me. Next, I asked for a million bucks and now I am set for life. Last of all, I asked her if I could have sex with her and her response was, 'I don't know how you can make love to me with your type of body.' So I asked her, 'How about a little head?'"

A man is lying on the beach, wearing nothing but a cap over his crotch. A woman passing by remarks, "If you were any sort of a gentleman, you would lift your hat to a lady." He replies, "If you were any sort of a sexy lady, the hat would lift by itself."

Dear NASA, Your mom thought I was big enough.

This young fellow is about to be married, and is asking his grandfather about sex. He asks how often you should have it. His grandfather tells him, "When you first get married, you want it all the time, and maybe you'll do it several times a day. Later on, sex tapers off, and you have it once a week or so. Then as you get older, you have sex maybe once a month. When you get really old, you are lucky to have it once a year, like maybe on your anniversary." The young fellow then asks his grandfather, "Well how about you and grandma now?" His grandfather replies, "Oh, we just have oral sex now." "What's oral sex?" The young fellow asks. "Well, she goes to bed in her bedroom, and I go to bed in my bedroom. She yells, 'Screw you,' and I holler back, 'Screw you too!'"

How do you make five pounds of fat look good?  
Put a nipple on it!

In a tiny village lived an old maid. In spite of her old age, she was still a virgin. She was very proud of it. She knew her last days were getting closer, so she told the local undertaker that she wanted the following inscription on her tombstone: "Born as a virgin, lived as a virgin, died as a virgin." Not long after, the old maid died peacefully, and the undertaker told his men what the lady had said. The men went to carve it in, but the lazy no-goods they were, they thought the inscription to be unnecessarily long. They simply wrote: "Returned unopened."

A teenage boy takes a quadriplegic girl on a date to dinner and the movies. At the end of the night out, he drives her back home and they start making out in his car. He tells the girl he feels uncomfortable doing this where her parents could come outside and catch them in the act. She says not to worry because she has a place they can go. So he helps her in her chair and she tells him to wheel her into the backyard. When they get in the back, she shows him a huge weeping willow tree that they can hide under and says he can do whatever he wants to her. Under the tree, she shows him two branches that can prop her up and he has his way with her. When they finish, he dresses himself and

her, puts her back into her chair, wheels her to the front door, and knocks. When her father sees the young man, he thanks him. The boy feels very uncomfortable because of what he just did to the man's daughter and asks, "Why are you thanking me?" "Because son," the father answers, "You are the first boy to take her out of the tree."

**A** mother comes home from work to find that her kids are hiding behind the couch. She asks what's wrong, and the kids reply that aunt Sally was in the house naked. So she goes to her bedroom to investigate, and she finds her husband lying on the bed naked and sweaty. She asks, "What's going on?" He replies, "I'm having a heart attack." She says "I'm going to call 911, while I'm really looking for my sister." She discovers the aunt in the bathroom closet in the nude, and gives her a slap, "How dare you! My husband is having a heart attack and you're running around scaring the kids!"

**Q:** Why did cavemen drag their women by the hair?

**A:** Because they found out by dragging them by their legs that their hole would fill up with mud.

**A** woman seated herself in the psychiatrists office. "What seems to be the problem?" the doctor asked. "Well, I, uh," she stammered. "I think I, uh, might be a nymphomaniac." "I see," he said. "I can help you, but I must advise you that my fee is \$80 an hour." "That's not bad," she replied. "How much for all night?"

Paddy was planning to get married and asked his doctor how he could tell if his bride is a virgin. The doctor said, "Well, you need three things from a do it yourself shop. A can of red paint, a can of blue paint, and a shovel." Paddy asked, "And what do I do with these, doc?" The doctor replied, "Before the wedding night, you paint one of your testicles red and the other one blue. That night if she says, 'That's the strangest pair of balls I ever saw,' you hit her with the shovel."

**W**hat part of Popeye never rusts? The part he puts in Olive Oil.

**O**ne day a man and woman were in their bedroom making love. All of a sudden a bumble bee entered the bedroom window. As the lady parted her legs, the bee entered her vagina. The woman started screaming, "Oh my god, help me, there's a bee in my vagina!" The husband immediately took her to the local doctor and explained the situation. The doctor thought for a moment and said "Hmm, tricky situation. But I have a solution to the problem if young sir would permit." The husband being very concerned agreed that the doctor could use whatever method to get the bee out of his wife's vagina. The doctor said "Okay, what I'm going to do is rub some honey over the tip of my penis and insert it into your wife's vagina. When I feel the bee getting closer to the tip of my penis, I shall withdraw it and the bee should hopefully follow my penis out of your wife's vagina. The husband nodded and gave his approval. The lady said, "Yes, whatever, just get on with it." So the doctor, after covering the tip of his penis with honey, entered the woman. After a few gentle strokes, the doctor said, "I don't think the bee has noticed the honey yet. Perhaps I should try further." The lady began to quiver with excitement, moaning aloud. The doctor, concentrating very hard, looked like he was enjoying himself. The husband became very annoyed and shouted, "Now wait a minute! What the hell do you think you're doing?" The doctor, still concentrating, replied, "Change of plan. I'm gonna drown the bastard!"
